

WELCOME TO BRÜGGEN POLSKA SP. Z O.O.

The company BRÜGGEN Polska is a part of the food industry. Therefore the production of foodstuffs is determined by regulations which are defined by Polish legislation and company's internal policies regarding foodstuffs. Before you visit our production we would ask you to familiarise yourself with the following rules:

Identification:

- During your stay at BRÜGGEN Polska you will receive a visitor ID. You need to wear the visitor ID in a visible place. Directly before leaving the company you have to return the visitor ID.

Protective clothing:

Each person entering the production and/ or storage area is required to wear the following items of protective clothing:

- A white coat
- A red hairnet completely covering the hair
- All visitors with visible facial hair (a beard and/or a moustache) are obliged to put on a protective cover
- It is compulsory to wear an appropriate shoes (open-toed and high-heeled shoes not allowed) which are additionally preserved by protective cover .
- When dressing put on a hairnet first and then a white coat. When you want to undress, first take off your white coat then the hairnet.

Hygiene:

- Before entering the production area please wash your hands thoroughly (hands and forearms).
- You need to wash and sanitise your hands each time after using the toilet or when you dirty your hands.
- Hands and nails need to be clean (artificial nails and nail enamels are forbidden).
- You need to avoid unhygienic behaviour such as scratching different body parts or putting your fingers into the mouth, nose and ears.
- Before entering the production and storage areas please make sure your shoes are clean.

Jewellery and small objects:

- Wearing any kind of jewellery including a wedding ring is not permitted.
- Wearing cosmetics including other beauty products (e.g. false eyelashes) is forbidden.
- Taking mobile phones, cameras, video cameras, books, pens and other glass and wooden objects is not allowed in the production and storage areas.

Smoking, Eating, Drinking:

- It is not permitted to eat or chew a gum in the production or storage areas.
- The alcohol consumption and smoking is prohibited in all areas.

Wounds and Diseases:

- In accordance with government legislation anyone who might be suffering from the following diseases or infections is not allowed to enter the premises: typhoid, tuberculosis, paratyphoid, cholera, jaundice, infected with salmonella or staphylococcus.
You should notify us immediately if you suffer from any of the aforementioned diseases or carry the pathogens (see Table.1)
